Professional Experience

UI/UX Designer & Frontend Developer AMV Soluciones · Vigo · 3 /2023 – Present

- Design **user-friendly** and **visually appealing interfaces** with **Figma**, ensuring optimal functionality and adherence to UX principles.
- Create **wireframes** and **prototypes** to validate design concepts and gather user feedback for iterative improvements.
- Test usability to enhance **user flows** and make data-driven adjustments.
- Design **marketing assets**, including advertisements, roll-ups, and trade fair stands, while creating concepts and videos that **elevate brand identity**.
- Maintain a **design system** to ensure brand consistency across all digital products, enhancing user experience and **design coherence**.
- Develop responsive web applications with **React**, **TypeScript**, and **Vite**, focusing on accessibility and compatibility across devices.
- Implement **React hooks** for efficient state management and reusability code.
- Write **clean, efficient code** while following best practices in coding.
- Document digital products with **Docusaurus** for easier user **accessibility**.
- Use of **SQL Server** for database and **Git Extensions** for version control.
- Stay **updated on industry trends** and advancements across technology and design to continuously enhance product offerings and design experience.

UI/UX & Digital Designer Buendia · Brussels · 9 /2019 – 10 /2021

- Create prototypes in Figma and evaluate user flow for optimal user experience.
- Implement responsive web design with a **Mobile First approach** to ensure accessibility across devices.
- Apply **user-centered design methodologies**, including research and Design Thinking, to inform design decisions.
- Create **visually engaging materials** for online campaigns that drive brand engagement and resonate with target audiences.
- Incorporate **Agile methodologies** in Design Sprints to foster collaboration, rapid iteration and manage project timelines and set **clear deadlines**.

Digital Designer SmartHC · Madrid · 10 /2016 – 6/2019

- Develop proposals to spearhead new **product campaigns** and collaborate with cross-functional teams to execute **brand strategies** effectively.
- Create engaging newsletters, infographics, videos, and **social media ads**.
- Edit corporate videos and design **3D visuals** to effectively promote services.
- Organize **corporate events** to foster engagement and communication.
